Dear Editorial Team of Journal of Educational and Social Research,

I am pleased to submit an original research article entitled “ **School Principal Entrepreneurial Competency Development Model to Optimize Generating Production Unit Income**” by Sitti Roskina Mas, Abdul Kadim Masaong, Arifin Sukung for consideration for publication in the Journal of Educational and Social Research.

In this manuscript, we found that the entrepreneurial potential of vocational high school principals in the Tomini Gulf area is in a good category. We believe this finding will contribute to the development of further research related to entrepreneurial management in school, particularly in vocational high school.

We believe that this manuscript is appropriate for publication by Journal of Educational and Social Research because it correlates with the prior publications in this journal.

We hereby confirm that the manuscript has no actual or potential conflict of interest with any parties, including any financial, personal or other relationships with other people or organizations within three years of beginning the submitted work that could inappropriately influence or be perceived to influence. We confirm that the paper has not been published previously, it is not under consideration for publication elsewhere, and the manuscript is not being simultaneously submitted elsewhere.

Thank you for your consideration!

Best Regards,

Sitti Roskina Mas
