INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) IN LANGUAGE TEACHING

Drs. Harto Malik, M.Hum
Gorontalo State University

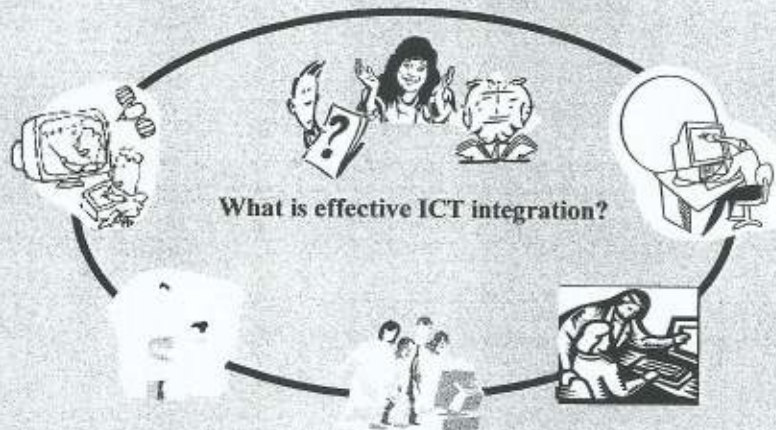

What is ICT?

ICTs (Information and Communications Technologies) are technologies used to communicate and to create, manage and distribute information. A broad definition of ICTs includes computer, the internet, telephones, television, radio and audiovisual equipment.

Information and Communication Technology In Instruction?

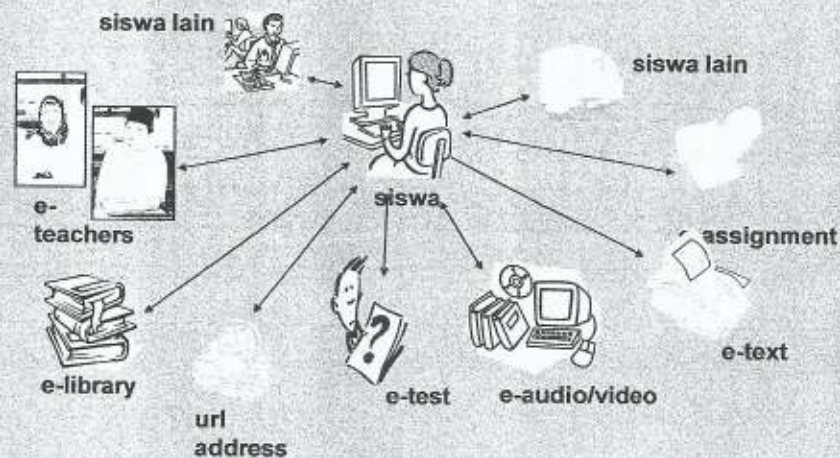

Use of ICT in language teaching

- Computer assisted instruction (CAI)
- Computer Managed Learning (CML)
- Computer Mediated Communication (CMC)
- e-learning (berbasis jaringan)

Scenario of ICT in language teaching

Prospects of ICT in language teaching

- > Interactivity
- > Independent learner
- > World full of learning resources
- > Assessment, feedback, across time and place
- > Collaboration to develop learning community

Strategy for ICT in Language Teaching

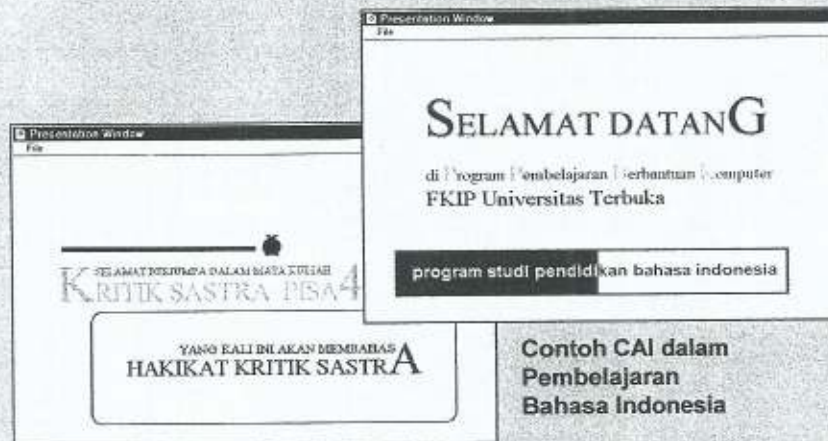

- ICT as a place for learning
- ICT as an instructional media
- ICT as instructional resources
- ICT for professional development

ICT as instructional media

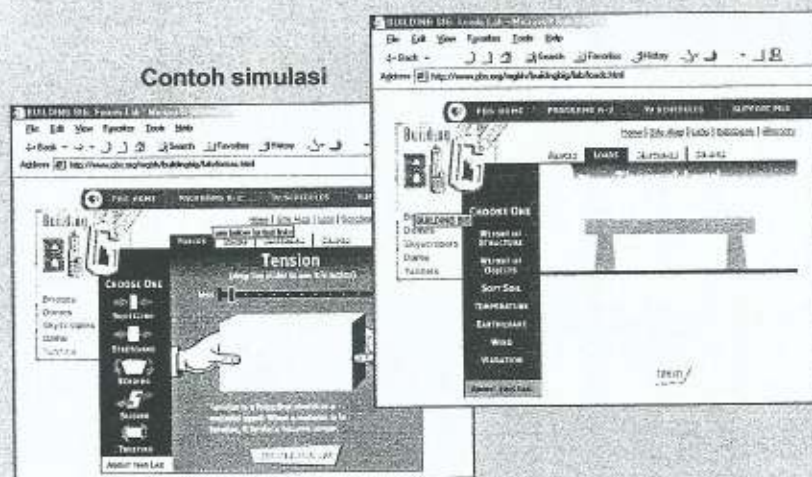

Mahasiswa dapat berinteraksi dengan Jacques-Edouard Berger, seorang peneliti Borobudur dari Perancis
