Dear Dr. Abdul Hafidz Oliy,

We would like to inform you that after the preliminary evaluation your paper is qualified for processing (reviewing). However, the manuscript does not respect the AACL formatting requirements. Please find the model on our website and replace each section with your text, **leaving the footer exactly as it is, including the page numbering.**

Before proceeding to the review please consider that a processing publication fee of 250 USD is required. The average duration of the publication process is 10 weeks, but it can be reduced in exchange of a priority tax of 50 USD (<http://www.bioflux.com.ro/journal/>).

In case the manuscript is not published, the author or his/her institution is reimbursed (exceptions are made in the cases of poor feedback from authors or withdrawal/rejection due to multiple submissions).

I will be your editor and I will stay at your disposition for all the aspects concerning your manuscript.

Concerning the payment procedure, you will find all the details bellow and I would like to kindly ask you to send me the scanned receipt of the payment in order to start the publishing process. Upon reception of your payment receipt we will send you the invoice.

Payment option:

Beneficiary:

Bioflux SRL

City: Cluj-Napoca ,

Country: Romania, European Union;

SWIFT CODE of the bank: BTRLRO22

Account USD:

RO68BTRL01302202L28614XX

Bank:

BANCA TRANSILVANIA

Important! When bank transfer is used to pay a publication fee, please choose the right option, which is "US" (among the three options you have: Ben, Our, Us).

The option "Us" means that **all the transfer fees are at your charge**. Please note that in case you do not specify the "Us" option, the payment will not be valid.

We recommend not to send your manuscript to more than one editor, in order to avoid being double charged.

Do not hesitate to contact me for any kind of questions related to the process.

Thank you for publishing with us!

Kind regards,

Editor AACL Bioflux

Dear Prof Eni Kovacs,

Thank you for your fast response, and we are going to revise our manuscript and send it to you as soon as possible. In terms of processing publication fee, would you mind to let us know if we choose manuscript processing fee with priority (payment of 300 USD), how long would it take for us to have the manuscript feedback/decision?

Dear Dr. Abdul Hafidz Oliy,

With the priority fee, the authors will receive the reviewers feedback and requirements in about 3 weeks. Afterwards, it depends on the authors response time and work quality.

Thank you.

Dear Dr. Abdul Hafidz Oliy,

Regarding your manuscript submitted to AACL Bioflux, the editorial team has some requests prior to acceptance (please see the attachment).

Please note: Always operate corrections/additions (or deletions) in the manuscript we are sending you, by **highlighting with a bright color** (for an easy identification). We never work on the manuscript you send back, just identify the corrections and operate them on our document (to avoid any undesirable accidental operations like changed page set up, otherwise the editors have to start all the work from the beginning, and we cannot ask them to re-check every manuscript word by word to identify unmarked modifications).

Thank you for understanding!
