### **Abstract:**

Istiqomah properties would make a good Muslim when reaching happiness in this world and in the here after. Will also be a servant to her victory in grappling with a lot of slander, even istiqomah resulting from any good sequel of all affairs

Then advisory honest, who wants to advise him to be able to obtain happiness in inginkanya, he should pay attention to the problem keistiqomahanya with consideration to both sides of the science and its practice, and after that he remained steadfast to him or her until his death. By relying to Allaah and always ask for help from Him.

Of the many questions that arise from the human to the expert knowledge (scholars), the prosecution of science as well as preachers and pious people who are related to the problem istiqomah, about the essence and matters which can help to be able to remain true straight path of Allah, as well as other sundries related to this issue.

*Kata Kunci: Istiqamah, Musnad dan Pendidikan Islam*
